

IGNITE Engagement Mobile App Redesigned for Members & Trainers

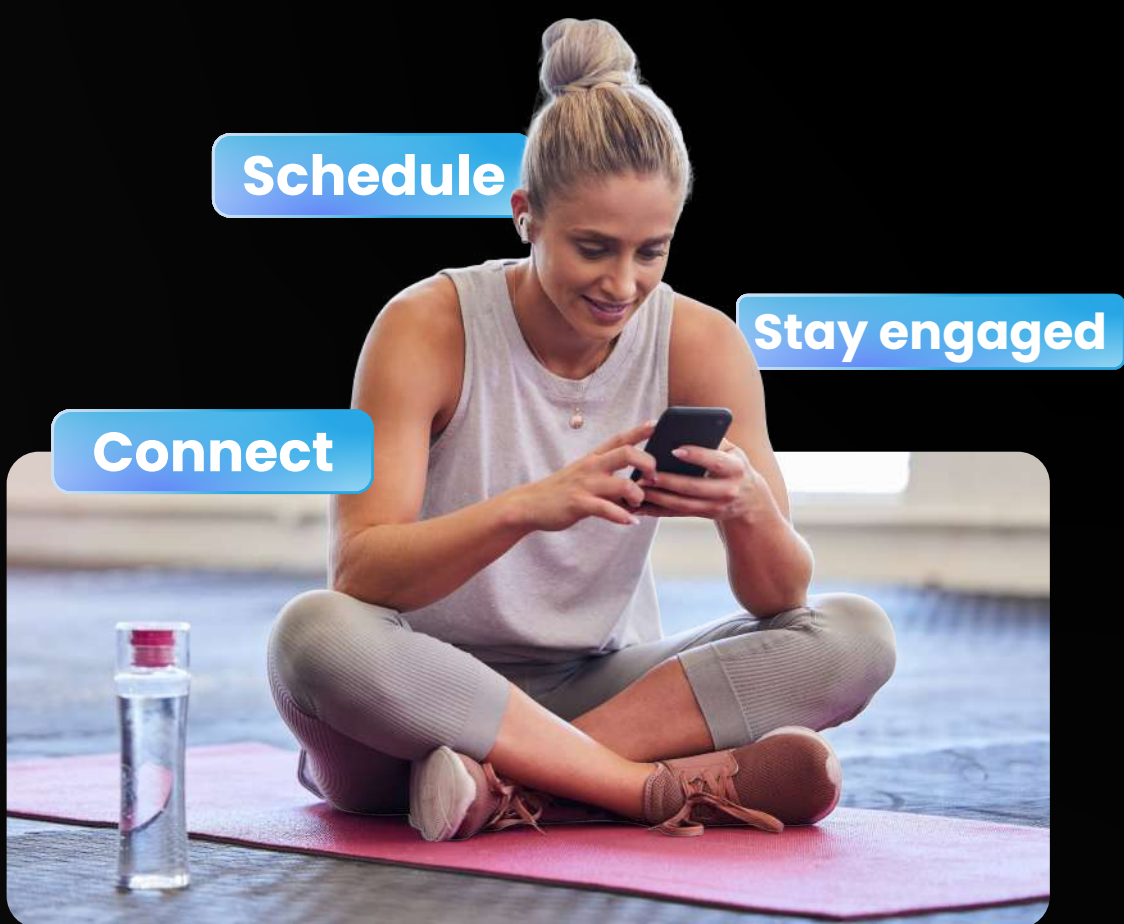

Modern • Intuitive • Branded

A Modern, Unified Experience for Members and Trainers.

We've redesigned the IGNITE Engagement app from the ground up, creating a modern, intuitive experience that makes it easier than ever for both members and trainers to **connect**, **schedule**, and **stay engaged**.

The refreshed design brings together sleek visuals, simplified navigation, and personalization that works for everyone. Your club can deliver a seamless digital experience that supports engagement, satisfaction, and retention.

What's New

Modern Dashboard:

Personalized views for members and trainers with quick access to daily schedules, classes, and progress.

Streamlined Navigation:

Simplified top and bottom menus make it easy to move between workouts, messages, and bookings.

Enhanced Calendar & Booking:

A redesigned, easy-to-use calendar and appointment carousel for both members and trainers.

Refreshed Look & Feel:

Clean layouts, updated icons, and improved color palettes for a cohesive, professional design.

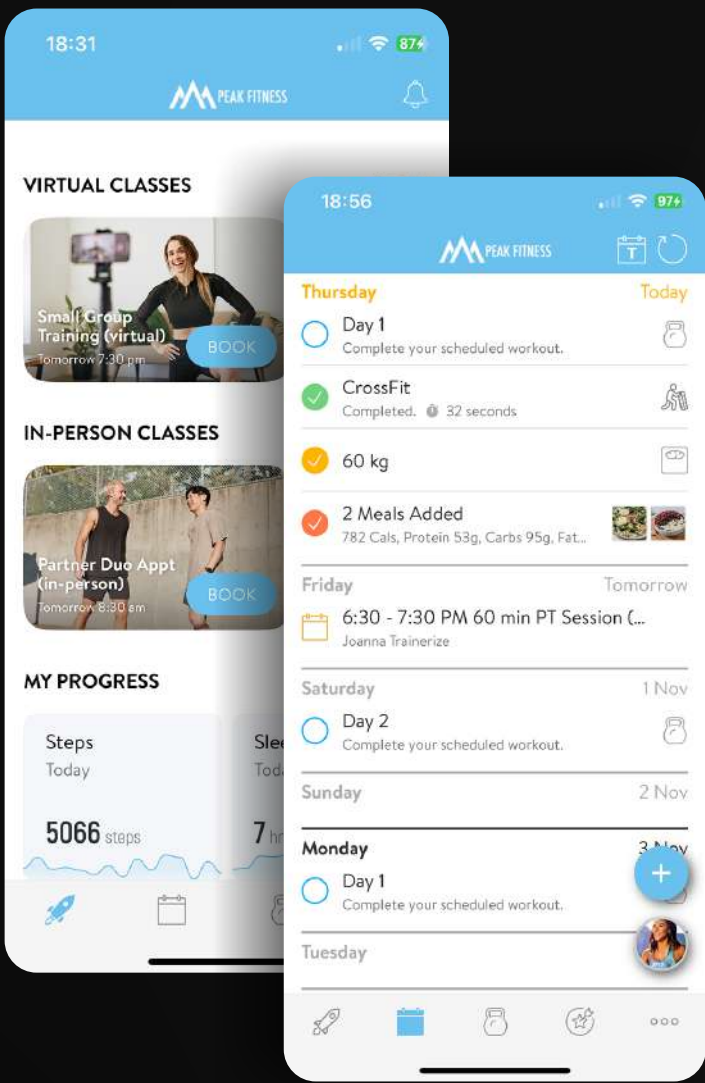

Profile & Settings Redesign:

More intuitive placement for quicker access.

Floating Barcode:

Faster check-ins for members (Connect app).

Old Design

New Design

DESIGNED FOR EVERYONE

For Members: A cleaner, faster app that makes tracking progress, joining classes, and staying motivated effortless.

For Trainers: Streamlined tools for viewing client progress, managing schedules, and engaging directly - all with fewer taps.

Together, these updates make the IGNITE experience more cohesive and productive for both sides of the relationship.

COMING SOON

We're continuing to evolve the IGNITE experience with upcoming updates to:

- Workouts & Cardio
- Nutrition tracking
- Messenger & Habits
- Body Stats and Trainer View

THE IMPACT

A single, modern app that feels natural for everyone to use - helping clubs deliver better experiences, trainers save time, and members stay motivated every day.

MAKE IT YOURS

Customize the app to reflect your brand:

- Custom iOS & Android app name and icon
- Your own Apple and Google Play listings
- Themed navigation bar and in-app interface
- Custom welcome video, launch screen, badges, and links

WHY IT MATTERS

This redesign is based directly on customer feedback - improving the **usability, visuals, and layout** that members and trainers value most.

The result? A more modern, connected, and effortless experience that keeps everyone engaged and your brand at the center.
